Dear Mr. Kundig

Few days ago we received our Residence Permit which made us really happy and full of joy.

On behalf of my family and me, I would like to thank you and your wonderful staff, for a job well done!

Nothing was too complicated for you, you found always the time to answer all of our questions, and what I liked most was your crystal clear explanations, and the confidence you had in the process and the outcome.

What began as a firm-client relationships, turned for us very quickly to family like relationship, which for that we are grateful too.

Best regards

Isaac Neuman
