Dear Readers,

Some 4 years ago our family decided to emigrate to New Zealand, but only if we went as well. Having heard only favourable reports about the people and Country for many years, we of course thought this to be a very good idea, especially the great opportunities it offered our daughter, son-in-law and 3 grandchildren for the future.

We were, I am sorry to say given, with the best of intentions, the wrong advice on how we could follow our family out to New Zealand as the Immigration Laws had just changed making it seemingly impossible to move out to the family until they had been residents for 3 years. On the strength of this official advice we burnt our boats, sold our house, shipped our belongings out and flew over to New Zealand.

The advice given however turned out not to be the case and resulted in the strong possibility of us having to return to the U.K. to complete the required 3 years. Luckily on the advice of a newly acquired friend we were given the name and address of Kundig Associates, who we immediately contacted explaining our situation. We were told that we had a strong case for an appeal to the Immigration Minister for an extension of our Visitors Visa, and after several months of hard work by Kundig Associates our portfolio was assembled and along with a covering letter from Paulo Kundig putting our circumstances over in a concise manner was forwarded to the Immigration Minister.

After a period of 4 months Paulo informed us that a 2 year extension had been granted which also enabled us time to apply for our residency. At the appropriate time Kundig Associates again assisted us in acquiring our residency.

We are now very happily settled here, and cannot thank Kundig Associates enough for their efficiency, friendly and caring approach to their clients. We would have no hesitation in recommending them to anyone requiring their services.

Yours sincerely,
