Dear Paulo,

Today we would like to take the opportunity to thank you very much for all your services in the past as well as your ongoing support.

When we decided to immigrate to New Zealand we got a recommendation from a friend to contact your firm and this was the first step towards success. Right from the start we felt understood and the very professional and structured approach while handling our application gave us absolute peace of mind.

We experienced you and your team as 100% reliable, trustworthy and honest. This is the reason why we already recommended you to others in the past and we will be happy to do so in the future.

Kind Regards

Hil & Mario
